Product Specifications:

Name	Specification
Battery	12V
Suitable age	36-96 months
Loading capacity	30kg
Product size	128*56*54cm
Speed	3-5 km/h
Charge/Use time	charge 8-12h, use 1-2h
Charger	Input: 100-240V Output: 12V 500mA
Remote control	AAA1.5V

The above parameters are selected by the customer, and the specific parameters shall be subject to the actual sample.

Function

Button function	⑥MP3 interface
① Horn	⑦Music Panel
② External socket	⑧Start button
③ Power display	⑨Light button
④ high and low speed	⑩Power pedal
⑤ Forward and backward	

Remote control function and explanation

Do not swift forward/backward button when car is driving, or will damage the motor.
Remote control can be used normally when battery assembled.
Remote control should be used under adults' supervision.
Remote control is prior to man control.

How to adjust R/C frequency:
Long press forward and backward button for 3 seconds, and the speed indicator flashes. Then turn on the power, the speed indicator goes to long bright, means the connection successfully. If the speed indicator no response, means the connection failed. Replace the batteries and retry.

Remote control battery operation

Take off the battery cover. Put two AAA1.5V remote control battery in with right polarity.
New and used batteries can not be used mixed.
Do not insert batteries into wrong polarity, or will be short-circuited.
Non-rechargeable batteries can not be recharged. Exhausted batteries should be replaced by adults.
The exhausted battery must be handled and operated properly by adults only. Do not be played by children.
