4

In case of any damages from the transportation or any components are not with the normal condition, then the replacements should be resent as soon as possible without any extra cost.

Three Guarantees Certificate

Dear users,

Thank you for purchasing Super Handsome products! In order to ensure that you get reliable after-sales service, please read the following instructions carefully:

The products guaranteed in this certificate are sold by Super Handsome or the designated distributors. For the products registered in this certificate, the contents of this certificate must be filled in truthfully, otherwise it will be regarded as invalid Three Guarantees certificate. The product serial number registered in the product information must be consistent with the actual serial number of the guaranteed product. This certificate is the primary certificate of Three Guarantees service. Please keep it properly. If you lose it, we will not make up for it. When customers need technical support services, please show this certificate, we will provide you with high-quality professional services.

The following situations are not included in the Three Guarantees:

1. Fail to provide valid Three Guarantees certificate and valid invoice (except for proving that the product is within the validity period of Three Guarantees) or alter it without authorization.
2. The product model and serial number on the Three Guarantees certificate do not conform to the actual product or there is no seal of the dealer.
3. Damage caused by failure to use, maintain and keep the product according to the instructions.
4. Damage caused by using pirated software or infecting virus during use.
5. Failure caused by accident, self disassembly, man-made damage or maintenance by service station not authorized by the company.
6. No factory name, address, production date or product certificate.
7. Damage caused by force majeure.

Three guarantee validity of this product: from the date of purchase, it provides three-year warranty service for the whole machine (excluding battery which is with one year warranty only).

Other accessories (such as packaging) are not covered by the three guarantees. The appearance of the product is artificially damaged and the accessories are lost, which are not included in the three guarantees.

For the products not included in the three guarantees or beyond the three guarantees validity, the customers still have the maintenance service, but need to pay the maintenance cost.
